

FLY SWATTER GAME

Directions: Divide the class into two groups and have them form 2 lines. Display various terms on the board or wall. Give a fly swatter to the first people in each line. As the teacher reads a clue, the first team to SWAT the correct answer gets a point. After each turn, have students move to the back of the line and read a clue for the next two people in line. Continue until all clues have been read and chosen correctly.

For example, if the teacher read, "The profit from an investment," the first person on each team would run to the wall and slap the word RETURN with his/her fly swatter. Which ever fly swatter hits the word first gets the team point.

See Terms and Definitions below. Adapt the terms to any content to use this activity in other lessons.

NOTE: If using an overhead or LDC projector, it is recommended that you DO NOT use a screen because it will get broken!

Return	Compounding Interest	401(k)
Mutual Fund	Stocks	Liquidity
Interest	Collectibles	9 years
