

# Investing is like the ocean.

- ... Sometimes you can catch good waves, other times they just roll out!
- ... There's always a chance you'll get lost.
- ... There are sharks that will attack.
- ... You just might drown.

investing is like an airplane ride!

WELLS FARGO

- \* sometimes its smooth and pleasant ... good intrest
- \* sometimes there is turbulence ... bad intrest
- \* you can get a good or bad meal ... your personal plan
- \* and sometimes you never even take off ... you never start

**SAVING IS LIKE →**

**A MONEY TREE**

They....

6

- \*Starts small but is guaranteed to grow.
- \*If cared for properly, always has money when you need it
- \*They flourish with regular feeding.
- \*Can survive a little pruning every now & then.

**Investing is like a Flower**

8

- It could be very pretty like a rose and it could be bad like poison ivy.
- It will continue to grow, but in the bad times (like winter) it could shrivel to just the roots but in the good times (like spring) it will come back..
- It needs nurturing like water (loan), Sun (interest) and Soil (which represents you keeping an eye out for any damage to the base).

**INVESTING IS LIKE SKYDIVING!**

10

12

- The Initial jump / investment is the hardest part.
- But once you jump, the fall / time spent will pay off.
- Jumping from the plane is a Risk you chose to take along with investing, But the memories or if you will have in the long run was a good INVESTMENT

**"Savings is like a Rock climber"**

12

- Always going up... with Rate percentage your money goes up.
- Slow and steady... Money goes up slowly but it will always reach a high point as long as more money saved up.
- There is always a risk of falling of the rocks... Fall back for saving is not saving.

**Savings.**

7

- Savings is like one big piggy Bank. place to put your money
- Savings is like having your mom hold your money for you so you can buy something.
- Savings is like having a lock on your money
- Saving is like hiding your money until you find it.
- Saving is like Whating for lunch

**Earned Interest is like a cherry on top / a phat bowl of Rocky Road icecream with caramel and chocolate Syrup and whipped cream**

9

1. Cause the icecream's good but a cherry on top's the best! A little more.
2. It's like a little reward.
3. You had to buy the icecream but got a bonus cherry for free

**Investings like a box of chocolates,**

11

1. you never know what your gonna get. It's risky.
2. lots of options, and you can choose more than one at a time - diversification.
3. If you don't get the flavor you want, ride it out, get another one!

**Savings is like a Fine Wine.**

13

1. Like wine gets better over time, you gain interest.
2. Like wine, you have to have special occasions, you save \$ in a savings account till you reach your goal.
3. Like not everyone likes the
